## FUNSPOT WITH VODAFONE

Vodafone, Fiji's number one network provider is proud to be the first to bring mobile social gaming and entertainment "Funspot", for our techno-savvy and socially active market.

This is the first time in the country that our customers will be able to enjoy a fully integrated social gaming with 9 made-for-mobile social games. The games represent some of the most popular categories in the social gaming world including: Fashionista, Football World, Mobile Chefs and Pets. The service had been launched at the Fiji Showcase 2013.

Vodafone Fiji's Chief Marketing Officer, Sanjeewa Perera said that "This is yet another achievement for us as for the first time the people in Fiji will be able to enjoy social gaming on their mobile phones. This will also bring socially active people across the nation to communicate via chats, share and comment on photos and videos".

Funspot's mobile social games can be accessed by any phone with a browser and data connectivity. Mr. Perera said that "this genre of mobile social entertainment can be enjoyed by the majority of Fijians given Vodafone Fiji's largest 3G network coverage".

Given the lack of entertainment options in many parts of Fiji, Funspot mobile social gaming provides a platform for people to engage with their peers, make friends and get socially engaged in more fun ways.

Additionally, all subscribers signing up will be getting one week of free subscription from the day of registration. Sign up today at our Vodafone booth at the showcase. You can also sign up using the link - [m.funspot.com.fj](http://m.funspot.com.fj) and become part of the first social entertainment and gaming service in Fiji with Vodafone.
